

Product and Service Internet Portal

GERMANGASWATERNET

BACKGROUND

The market for products and services also in the field of energy and water has become restricted. While the profits in the industrial countries are decreasing, the domestic companies have to search for markets in the rapidly growing markets of the emerging and developing countries.

EITEP supports and accompanies German companies through the establishment of a field portal which is available from now on. On this portal, suppliers from Germany are assigned to a file which contains all products and services. Through a link, all customers (searchers) can reach the homepage of any supplier.

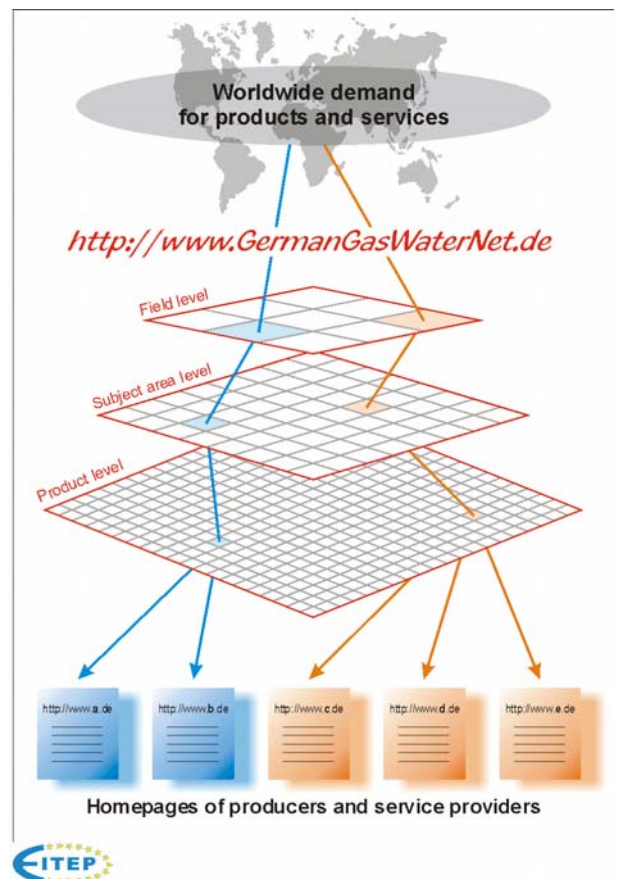

ADVANTAGES

The internet address GermanGasWaterNet will be promoted world wide by EITEP through specialist magazines, fairs, mailing lists and search engines. As a supplier in the portal you do not have to promote your own website costly.

The search in the GermanGasWaterNet-portal will be facilitated for interested persons by different languages. To reach this aim, German, English Russian, Chinese and Arabian are installed.

MODE OF OPERATION

The user of the portal will be offered a fast and logical search structure to obtain an overview of the suppliers for a specific product or a specific service. Starting from this overview, another mouse click will suffice to reach the homepage of one of the suppliers, or to even reach the specific web page.

REGISTRATION

There are two ways to register:

1. Through the internet address GermanGasWaterNet:
On the web page **www.germangaswaternet.com** you will find an online form which you will please fill in and send back to EITEP. There will be no more expenditure.
2. Written application:
On the following page, you will find the form, which you please fill in and send back to EITEP by mail or fax. The logo, you will have to send as a file (by e-mail or on data carrier in bitmap-format (e.g. TIFF, BMP, GIF, JPEG) with a resolution of 72 dpi and a maximum size of 240 (width) by 60 (height) pixels to integrate it into the data bank.

COSTS

5,- € per month and per field (gas, water or waste water) incl. 5 search items

1,- € for any additional search item

The prices are exclusive of VAT.

Please pay after you have received the bill.

Terminations are possible at any time.
